 DDA Memo, 4 Apr 77

26 December 1946

2 50X1-HUM

SUPPLEMENT

50X1-HUM

STATE	WAR	NAVY	JUSTICE				
-------	-----	------	---------	--	--	--	--

- The condition of floating docks is as follows:

- a. Floating dock of 40-45,000 tons: This dock is, at present, sunk, and the Soviets are in the process of removing all machinery from it.
- b. Floating dock of 8,000 tons: This dock has recently been repaired and is now in working order.
- c. Floating dock of 1,500 tons: This dock is in working order.
- d. Floating dock of 1,500 tons: At present this dock is sunk; a small warship which was in it has now been cut out and removed, so that the dock now lies empty on the bottom.
- e. Three floating pontoons for small vessels.

2. The present Soviet plan is to cut the upper works away from the hull of the "Gneisenau" and then to raise the hull. Salvage experts believe that the success of this operation is extremely doubtful.

50X1-HUM

4. No Soviet men-of-war were observed in the harbor.

5. Gdansk (Danzig)

The condition of floating docks is as follows:

- a. Floating dock of 10,000 tons: This dock is in full working order and is now in position at No. 1 dock. The SS "Warthe", recently salvaged, is now in position in the dock for preliminary repairs.

50X1-HUM

- 2 -

- b. Floating dock of 9-10,000 tons: This dock is now in full working order. and is in position near No. 1 dock. At present it is occupied by an unnamed Polish ship undergoing repairs.
- c. Floating dock of 2,000 tons: in full working order.
6. A grain elevator with two pontoons, between 25-30 meters long, has been salvaged
[redacted] 50X1-HUM
7. No Soviet men-of-war were observed in the harbor.
8. Szegecin (Stettin)
A total of approximately 120 vessels of all types are, at present, sunk in the harbor. Negotiations are proceeding [redacted] for the salvage of one of these vessels, a liner of 14,000 tons. 50X1-HUM
9. There were no Soviet men-of-war in the harbor.
10. Vladislavovo (formerly Grossendorf)
A sand dredger, thirty meters long, beam of seven meters and a height (draught?) of three meters is being salvaged [redacted] 50X1-HUM
11. There were no Soviet men-of-war in the harbor.
12. Bohnsack
The floating dock of 40,000 tons (in two halves) is not in working order.
13. There were no Soviet men-of-war in the harbor.
